

My valentine,
the only person i'm longing for
the love of my life;
it's valentine's day
second year in a row, where i get to spend my time with the person i love the most,
the person i'll always love the most

i tried to be as cool as you
with the layout of my letter
and i must say
it's fun to type this way

we sometimes have rough times together
but i still love you as much as i did when we first started dating
i will always love you;

i'm bad with words,
you know that
but that fact won't stop me
from confessing my love over and over again
day by day i feel closer to you
there's no minute passing
where you don't cross my mind

you're stuck in my head
the same way you did when i met you
and it's such a beautiful feeling

home
you're my home
my safe space in this world
no matter where we are;
as long as i'm with you
the storm in my head will calm
and our heartbeats will match

i love you,
My valentine
